

Table 1: Summary of key metrics

Metric	Value
Accuracy	0.95
Precision	0.92
Recall	0.98
F1 Score	0.95

Additional information and details regarding the data and methodology used in this study.

Further analysis and conclusions drawn from the data presented in the table and figure.

Table 2: Detailed performance metrics

Category	Sub-category	Value
Accuracy	Overall	0.95
	Class A	0.98
	Class B	0.92
	Class C	0.90
Precision	Overall	0.92
	Class A	0.95
	Class B	0.88
	Class C	0.85
Recall	Overall	0.98
	Class A	0.99
	Class B	0.97
	Class C	0.96
F1 Score	Overall	0.95
	Class A	0.97
	Class B	0.93
	Class C	0.91

Summary of the detailed performance metrics for each class and overall.

Interpretation of the detailed performance metrics and their implications for the study.

Table 3: Comparison of models

Model	Accuracy	Precision	Recall	F1 Score
Model A	0.94	0.91	0.97	0.94
Model B	0.93	0.90	0.96	0.93
Model C	0.95	0.92	0.98	0.95

Comparison of the performance of different models used in the study.

Conclusions regarding the comparison of models and the selection of the best-performing model.
